

## **The Pollinator Partnership**

### **NAPPC recommendations to help protect pollinators in your world:**

#### **1) Create Pollinator Habitats**

- *Cultivate native plants especially those that provide nectar or larval food for pollinators*
- *Install houses for bats and nest boxes for native bees*
- *Supply salt/mineral licks for butterflies and water for all wildlife*

#### **2) Reduce Pesticide Use**

- *Use insecticides and herbicides only when no alternatives are available*
- *Practice IPM (Integrated Pest Management)*
- *Follow label directions, apply with caution, pay special attention to “bee toxicity” information*
- *Substitute flowerbeds for turf grass*

#### **3) Minimize Your Environmental Impact**

- *Buy at locally produced or organic food*
- *Walk, cycle, or use public transit – minimize your automobile and electricity use*
- *Reduce your consumption, reuse, and recycle*

#### **4) Get Involved**

- *Join [Pollinator.org](http://Pollinator.org) (NAPPC)*
- *Volunteer for pollinator-friendly organizations and garden groups*
- *Lift a shovel, sow seeds, develop natural areas for pollinators*
- *Vote! Make your voice heard for pollinators*

#### **5) Enjoy Nature**

- *Build your connection with the natural world by enjoying time outdoors*
- *Experience gardening, working with plants and animals, and scenic get-aways.*

*Pollinators Need Your Help!*

Your tax-deductible contribution to Coevolution Institute ([www.coevolution.org](http://www.coevolution.org) or 415-362-1137) supports the **North American Pollinator Protection Campaign's** work for pollinators.
