- b) A permit is issued for one county or special hunt area and is valid only in the county, where permission to hunt has been obtained from the property owner, or special hunt area stated on the permit. During the First Lottery and Second Lottery, applicants who receive an either-sex permit in a county or special hunt area are eligible for a bonus antlerless-only permit for that county or special hunt area (with the exception of special hunt areas offering antlerless-only hunts). During the Third Lottery, antlerless-only permits remaining in the quota will be made available to resident applicants regardless of whether those applicants

already possess an either-sex permit, but nonresident applicants must have a firearm either-sex permit in order to obtain an antlerless-only permit. For permit applications and other information write to:

Department of Natural Resources  
(Firearm or Landowner/Tenant or Non-Resident)  
Deer Permit Office  
P.O. Box 19227  
Springfield, Illinois 62794-9227

- c) Applications from Illinois residents for participation in the First Lottery Drawing will be accepted through April 30 of the current year. Nonresidents may not apply to participate in the First Lottery Drawing. Applications received after April 30 will not be included in this lottery. Permits will be allocated in a computerized random drawing. Permits will be issued as either sex, antlerless only, or antlered only. A maximum of one either-sex and one antlerless-only permit shall be issued per person. Applicants for free landowner/tenant permits (see 17 Ill. Adm. Code 528) are not eligible to participate in the First or Second Lottery Drawings. Landowners who receive permits in the First or Second Lottery Drawing are not eligible for landowner permits for the firearm deer season during the hunt year. Lifetime licenses issued after August 15, 2006 shall not qualify a non-resident of Illinois for a resident deer permit.
- d) Applicants must complete all portions of the current year permit application form. Incomplete or incorrect applications will be returned along with the applicant's permit fee for correction or completion if received in the Permit Office prior to the deadline established in subsection (c).
- e) Applicants must check the second-season box if they agree to accept a second-season permit upon being rejected for a full-season permit.
- f) Applicants must check the antlerless-only box and provide the appropriate fee to apply for an additional antlerless-only permit. Antlerless-only permits will be issued until the antlerless-only quota is filled for a given county or special hunt area.
- g) Permits for counties and special hunt areas with unfilled quotas after the First Lottery Drawing will be allocated in a Second Lottery Drawing. This drawing is open only to nonresident applicants and to Illinois residents who were not previously issued firearm permits for the current hunting season. Illinois residents will be given preference for permits allocated in the Second Lottery Drawing. Applications for the Second Lottery Drawing will be accepted through June 30 of the current year. Applicants may also apply for remaining antlerless-only permits by checking the antlerless-only box and providing the appropriate fee. A list of unfilled counties and

special hunt areas will be announced upon becoming available after the First Lottery Drawing. Applicants must apply on a current year Firearm Deer Permit application form. A maximum of one either-sex and one antlerless-only permit shall be issued per person.

- h) A Third Lottery Drawing will be held during which any Illinois resident (regardless of any other deer permit they may have) may apply for one or more either-sex and/or antlerless-only permits for counties or special hunt areas with unfilled quotas. Nonresidents may also apply, but must have received an either-sex permit in order to obtain an antlerless-only permit in this drawing. Applications for the Third Lottery Drawing will be accepted through the third Friday in August of the current year. A list of unfilled counties and special hunt areas will be announced upon becoming available after the Second Lottery Drawing. Applicants must apply on a current year Firearm Deer Permit application form. All applications for the Third Lottery will be processed individually (i.e., no group applications will be processed).
- i) Permits remaining after the Third Lottery Drawing will be available over-the-counter (OTC) from agents designated by the Department (pursuant to 17 Ill. Adm. Code 2520) beginning the third Tuesday in October on a first-come, first-served basis. Permits will be sold until quotas are exhausted, or until the close of the firearm deer season, whichever occurs first. Persons may purchase one or more permits during this period, subject to availability. Persons purchasing OTC deer permits must supply all necessary applicant information to the agents in order to properly complete the permit.
- j) Hunter preference in obtaining a permit during the First Lottery Drawing will be given: to individuals that applied for an either-sex permit in the previous year's First Lottery Drawing who were rejected because the quota was depleted in their county choices. Preference will not be granted to applicants who received a full-season either-sex permit but who did not receive an antlerless-only permit. Persons with lottery preference will have first chance at receiving available either-sex permits. The following criteria must be met to obtain a preference in the First Lottery Drawing:
  - 1) The applicant must apply using the official Department application.
  - 2) The applicant must be a resident of the State, be eligible to receive a Firearm Deer Permit, and not had deer hunting privileges revoked pursuant to Section 650.50.
  - 3) The applicant must apply for the same county choices that the applicant listed on the previous year's application. Preference will not be granted for special hunt areas.

- k) Applications may be accepted at the counter window of the permit office; however, permits for the First Lottery, Second Lottery and Third Lottery Drawing will be mailed. In-person, mail-in and electronic applications will receive equal treatment in the drawings.
- l) Permits are not transferable. For the purpose of this Section, "transfer" means the modification or changing, by the Department or any other person, individual or group of the name or the location on an issued permit to another person or location.
- m) A \$3 service fee will be charged for replacement permits issued by the Department, except when permits are lost in the mail, then there will be no charge. The procedures for obtaining a replacement license are detailed in 17 Ill. Adm. Code 2520.50. Monies derived from this source will be deposited in the Wildlife and Fish Fund.
- n) The periods for accepting applications for the First and Second Lottery periods may be extended if applications are not available to the public by April 1. A news release will announce the extension of the application periods.
- o) Refunds and Cancellations
  - 1) A refund shall be issued by the Department for a permit that has been granted or for an application that has been submitted, under the following circumstances:
    - A) The State managed or owned site for which the permit was issued was closed due to a national or State issued emergency or disaster declaration or any other emergency circumstance that resulted in the Department closing access to the hunting site, park or area. Issued permits shall be cancelled by the Department. This subsection (o) shall include, but is not limited to, closure of State parks, fish and wildlife areas, and recreation areas by the Department as a response to a Gubernatorial Disaster Proclamation or executive order;
    - B) The applicant for a permit was unsuccessful in obtaining a permit in the lottery for which the applicant applied; or
    - C) Upon the request of the permit holder, a permit was issued due to an error of the Department, the OTC point-of-sale vendor or the applicant. The permit that was issued in error and the request for a refund must be delivered to the Department before the first day of the season listed on the permit. Permits shall be considered

delivered to the Department if the permit is received or postmarked before the first day of the season listed on the permit; or

- D) Upon the return of an issued permit to the Department before the first day of the season listed on the issued permit. Permits shall be considered delivered to the Department if the permit is received or postmarked before the first day of the season listed on the permit. No refund shall be issued under this subsection (o)(1)(D) if the permit is returned or postmarked after the first day of the season listed on the permit.
- 2) A permit shall be cancelled if a refund is approved pursuant to subsection (o)(1)(A), (C) or (D). Once a permit has been cancelled, the cancelled permit shall not count towards the total number of permits that an applicant may obtain for the hunting season that the cancelled permit was issued.
- 3) Upon the request of a permit holder, a refund may be issued by the Department for a permit that has been granted under the following circumstances:
- A) A medical condition or death of the permit holder that prevented the permit holder from hunting. A death certificate or medical documentation showing that the permit holder was unable to or advised not to hunt may be required by the Department before any refund is issued. Requests must be made within 90 days after the start of the season that the permit was issued for and must accompany the return of the permit to the Department at its headquarters in Springfield, Illinois. No refunds shall be issued under this subsection if the request or permit is delivered to the Department at its headquarters in Springfield, Illinois or postmarked 90 days after the first day of the season listed on the permit; or
- B) The permit holder was unable to travel or use the permit that was issued to him or her due to a national or State issued emergency or disaster declaration that resulted in a danger to the health or safety of the permit holder had they attempted to use the issued permit. Requests must be made within 60 days after the start of the season for which the permit was issued and must accompany the return of the permit to the Department at its headquarters in Springfield, Illinois. No refund shall be issued under this subsection (o)(3)(B) if the request or permit is delivered or postmarked 60 days after the first day of the season listed on the permit.

- C) A permit that was issued due to an error of the Department, the OTC point-of-sale vendor, or the applicant, if the permit is returned to the Department before the last day of the season for which the permit was issued.

Special hunt sites are defined as those sites that are owned or controlled by agencies/entities other than the Department, or sites at which the Department only controls a portion of the property designated for deer hunting, that issue deer hunting permits through the statewide lottery process. The Permit Office issues deer hunting permits through a computerized drawing for the following sites, in addition to the Department-owned or -managed sites listed in Section 650.60(h). The permit preference system does not apply to special hunt areas or to State sites allocating permits in the lottery.

Crab Orchard National Wildlife Refuge (the first and second season are considered separate hunt choices, and permit applicants must specify which season they are applying for in the County Choice or Hunt Area field of the application; permits may be issued as antlerless-only without the normal bonus requirement; standby hunting will be allowed if additional permits are available at the site)

Crab Orchard National Wildlife Refuge – Disabled Hunt (first season only)

Joliet Army Training Area (Will County)

Lake Shelbyville Project Lands – Disabled Hunt (first season only; permit drawing will be conducted by Corps of Engineers' staff with permits mailed to successful applicants by the Department; contact Corps of Engineers, Lake Shelbyville office for application procedures/dates; additional permits will be available for purchase at the site for any unfilled positions)

Lake Shelbyville Project Lands (Moultrie County) (it is unlawful to drive deer; for Corps of Engineers managed lands not managed by IDNR, contact Corps of Engineers, Lake Shelbyville office for specific deer hunting policy)

### **Section 650.23 Deer Permit Requirements - Group Hunt**

- a) Up to six individuals may apply to hunt as a group during the First and Second Lottery Drawings.
- b) Each individual must sign his or her own application.
- c) In order to receive preference for the group, all members must have preference for the same county choice. If any member does not have preference for the group's county choice, the entire group will not receive preference.
- d) Applicants applying as a group will be rejected if they do not list the same county or special hunt area choice, complete the group leader information listing the identical group leader, and complete the second-season option box identically.

- e) Since Illinois residents are given preference for permits allocated in the Second Lottery Drawing, groups containing both resident and non-resident applicants will be treated as non-residents.
- f) Providing false information on an application is a Class A misdemeanor (see 520 ILCS 5/2.38).

(Source: Amended at 30 Ill. Reg. 12155, effective June 28, 2006)

### **Section 650.30 Statewide Requirements for Hunting Devices**

  - 4) On private land only, archery equipment as defined by 17 Ill. Adm. Code 670.30 may be used during firearm deer season while hunting with a valid firearm deer permit.
- b) Standards and specifications for legal firearm ammunition are:

- 1) A muzzleloading firearm is defined as a firearm into which the projectile is incapable of being inserted from the breech end.
- 2) Only black powder or a "black powder substitute" such as Pyrodex may be used. Modern smokeless powders (nitrocellulose-based) are an approved black powder substitute only in muzzleloading firearms that are specifically designed for their use.

(Source: Amended at 47 Ill. Reg. 177, effective January 1, 2023)

#### **Section 650.40 Statewide Deer Hunting Rules**

- a) The bag limit is one deer per legally authorized either-sex, antlered-only or antlerless-only permit. All either-sex permits and antlered-only permits are subject to the following restriction: no hunter, regardless of the quantity or type of permits in his/her possession, may harvest more than 2 antlered deer during a year, including the youth, archery, muzzleloader, and firearm seasons. For purposes of this Section, deer seasons are considered to be in the same year if their opening dates fall within the same 12-month period that begins on July 1. A hunter in possession of an either-sex permit after having harvested 2 antlered deer during a year, as defined above, may only use the permit to harvest an antlerless deer. Subject to this restriction, an either-sex permit holder is allowed to take a deer with or without antlers and an antlered-only permit holder is allowed to take

only a deer having at least one antler of a length of 3 or more inches. An antlerless only permit holder is allowed to take only a deer without antlers or a deer having antlers less than 3 inches long.

- b) Recipients of the Firearm Deer Hunting Permit shall record their signature on the permit prior to hunting and must carry it on their person while hunting.
- c) The temporary harvest tag shall be attached and properly sealed immediately upon kill and before the deer is moved, transported or field dressed. No person shall leave any deer that has been killed without properly attaching the temporary harvest tag to the deer in the manner prescribed on the permit.
- d) Hunters shall not have in their possession, while in the field during firearm deer season, any deer permit issued to another person (permits are non-transferable).
- e) Permits will not be re-issued in cases involving deer taken which are found to be diseased or spoiled due to previous injury. Legal disposal of unfit deer taken shall be the responsibility of the hunter. For those hunters participating in the Department's Chronic Wasting Disease Surveillance Program, a free permit for the same county or special hunt area will be made available the subsequent year if their tested deer is determined to have chronic wasting disease.
- f) Violation of this Section is a Class B misdemeanor (see 520 ILCS 5/2.24), except unlawful take or possession of 2 or more deer within 90 days is a Class 4 felony, and unlawful take of 2 or more deer as a single act or possession or single course of conduct is a Class 3 felony (see 520 ILCS 5/2.36(a)).

(Source: Amended at 33 Ill. Reg. 11534, effective July 27, 2009)

#### **Section 650.45 Reporting Harvest**

- a) Testing of deer for Chronic Wasting Disease (CWD) by DNR personnel will occur so long as funding is available in:
  - 1) counties where deer have been documented with the disease;
  - 2) counties considered high-risk for the disease; and
  - 3) counties in which additional surveillance is warranted.
- b) These counties shall be publicly announced following the conclusion of the previous year's annual fall/winter CWD surveillance, which will be used as a basis for decision making. For these counties, hunters shall take their whole (or field dressed) deer to a designated firearm deer check station by 8:00 p.m. on the

day the deer was killed. A permanent harvest tag will be attached to the leg of the deer upon registration at the check station. If a hunter is not able to locate a harvested deer in sufficient time to enable reporting the harvest by 8:00 p.m., the hunter must take the deer to the appropriate check station upon its opening at 8:00 a.m. the following morning, or immediately upon retrieving it if that occurs later than the opening of the check station. If this situation occurs on a Sunday (e.g., the check station will not be open on Monday), the hunter must contact the appropriate regional DNR Law Enforcement Office by 10:00 a.m. Monday morning for instructions on checking in the deer. If the head/antlers are delivered to a taxidermist for processing, the temporary harvest tag must accompany the head/antlers and be kept with the head/antlers while at the taxidermist. If the carcass is taken to a meat processor, the permanent harvest tag must remain attached to the leg of the deer until it is processed, then must remain with the processed deer until it is at the legal residence of the person who legally took or possessed the deer. Persons delivering deer/parts of deer to a tanner for processing must supply the tanner with their deer permit number to verify lawful acquisition. In the absence of a permit number, the tanner may rely on the written certification of the person from whom the deer was received that the specimen was legally taken or obtained.

- c) For counties in which Chronic Wasting Disease surveillance is not occurring:
- 1) Successful hunters during the firearm deer season must register their harvest by 10:00 p.m. on the same calendar day the deer was taken by calling the toll-free telephone check-in system at 1-866-ILCHECK or by accessing the on-line check-in system at [www.dnr.illinois.gov](http://www.dnr.illinois.gov). If a hunter is not able to locate a harvested deer in sufficient time to enable reporting the harvest by 10:00 p.m., the hunter must immediately report the harvest upon retrieving it. The hunter will be provided with a confirmation number to verify that he or she checked in the harvest. This number must be written by the hunter onto the temporary harvest tag (leg tag). If the condition of the tag precludes writing on the tag in the appropriate space (i.e., bloody, etc.), the confirmation number shall be written elsewhere on the tag, or onto a piece of paper and attached to the deer along with the temporary harvest tag. The deer must remain whole (or field dressed) until it has been checked in. In instances where deer are checked in while the hunter is still afield, the deer may not be dismembered while afield beyond quartering the animal. If quartered, all parts of the carcass (except the entrails removed during field dressing) must be transported together and evidence of sex must remain naturally attached to one quarter. Evidence of sex is:
    - A) For a buck: head with antlers attached to carcass, or attached testicle, scrotum, or penis.

- B) For a doe: head attached to carcass, or attached udder (mammary) or vulva.
- 2) The temporary harvest tag (leg tag) and confirmation number must remain attached to the deer until it is at the legal residence of the person who legally took or possessed the deer, the deer has been checked in, and final processing is completed. If the head/antlers are delivered to a taxidermist for processing, the confirmation number must be recorded on the "head tag" portion of the permit and both must remain with the deer while at the taxidermist. If the carcass is taken to a meat processor, the temporary harvest tag with confirmation number must remain with the deer while it is processed, and until it is at the legal residence of the person who legally took or possessed the deer. Persons delivering deer/parts of deer to a tanner for processing must supply the tanner with either their deer permit number, their confirmation number, or a written certification by the person from whom the deer was received that the specimen was legally taken or obtained.
- d) Site specific reporting requirements must be followed in addition to this Section.

  - 4) Providing false and/or deceptive information on the deer permit application form. Violation is a Class A misdemeanor (see 520 ILCS 5/2.38).
  - 5) Submitting an application when the applicant has a license or permit currently revoked pursuant to Section 3.36 of the Wildlife Code [520 ILCS 5/3.36]. Violation is a Class A misdemeanor (see 520 ILCS 5/2.38).
- b) Any violation of the Wildlife Code [520 ILCS 5] or administrative rules of the Department (17 Ill. Adm. Code, Chapter I), in addition to other penalties, may result in revocation of deer hunting permits as per 17 Ill. Adm. Code 2530.
