Section 670.10 Statewide Open Seasons and Counties

- a) All regulations set forth in Section 2.26 of the Wildlife Code apply in this Part.
- b) For Cook, DuPage and Lake counties, and that portion of Kane County east of State Route 47 – October 1 through the first Sunday after January 13.
- c) For all other counties, or parts of counties – October 1 through the first Sunday after January 13, closed during the period when deer hunting with a firearm is permitted as set out in 17 Ill. Adm. Code 650, except Department of Natural Resources owned or managed sites designated in Section 670.60 by an asterisk (*) shall be open to archery deer hunting without regard to firearm deer season (no firearm deer hunting pursuant to 17 Ill. Adm. Code 650 allowed).
- d) Hunting prior to ½ hour before sunrise or after ½ hour after sunset is a Class A misdemeanor with a minimum \$500 and maximum \$5,000 fine, in addition to other statutory penalties (see 520 ILCS 5/2.33(y)). Hunting during the closed season is a Class B misdemeanor (see 520 ILCS 5/2.24).

Section 670.20 Statewide Deer Permit Requirements

- a) All archery deer hunters must have a current, valid Illinois archery deer permit. Archery deer permits (except landowner/tenant hunting permits and nonresident permits issued to clients of outfitters as detailed in Section 670.20(c)) will authorize the holder to hunt in any of the open counties of the State, on property where permission to hunt has been obtained from the property owner.

Nonresident archery deer permits issued to outfitter clients who received a permit based on the preference given to outfitter clients are valid only on property controlled by the outfitter used to gain preference.

b) Resident Permits

- 1) Resident archery deer permits are available over-the-counter (OTC) from agents designated by the Department (pursuant to 17 Ill. Adm. Code 2520) as combination permits, each consisting of one either-sex permit and one antlerless-only permit, or as a single antlerless-only permit. The fee for a resident archery combination permit shall be \$25; a resident archery single antlerless-only permit shall be \$15. While there is no limit to the number of archery deer permits that an individual resident may purchase, no one may harvest more deer than allowed by the restrictions prescribed in Section 670.40. Lifetime licenses issued after August 15, 2006 shall not qualify a nonresident of Illinois for a resident deer permit.
- 2) In addition to the permits listed in subsection (b)(1), resident hunters have the option of purchasing a maximum of one resident single either-sex permit for a fee of \$15. Applicants must submit an application to the Permit Office using the official current Resident Single Either-Sex Archery Deer Permit application form by September 1. Applications are available from the DNR website at <http://www.dnr.illinois.gov>. Applications submitted on forms from previous years will be returned. Applicants must complete all portions of the permit application form. Incomplete applications and fees will be returned. Each applicant must submit a personal check or money order with an individual's application.

c) Nonresident Permits

- 1) A limited number of nonresident archery deer permits is available as combination permits, each consisting of one either-sex permit and one antlerless-only permit. The fee for the nonresident combination archery deer permit shall be \$410. Nonresident hunters may apply June 1 through June 30 via DNR website at www.dnr.illinois.gov. Applicants may apply for and receive a maximum of one nonresident combination archery deer permit during a license year. (Note: Receiving nonresident landowner archery deer permits does not preclude the recipient from also applying for and receiving the regular nonresident combination archery deer permit.) The number of nonresident combination archery deer permits shall be limited to 25,000, with clients of outfitters currently permitted by the Department of Natural Resources given preference in the drawing for the

first 7,500. Clients of permitted outfitters should contact the outfitter prior to applying to receive a certification number to be used in the application process to verify their outfitter client status. Permits will be allocated using a computerized, random lottery drawing conducted after June 30. If the number of eligible outfitter clients in the drawing is less than 7,500, all remaining permits will be allocated to the remaining applicants until the quota is reached. If the number of eligible outfitter clients in the drawing exceeds 7,500, those outfitter clients unsuccessful in obtaining one of the first 7,500 permits will compete against non-client applicants for the remaining permits. Up to six individuals may apply for nonresident combination archery permits as a group. Groups must identify a group leader, and all applicants must provide the same group leader information at the time of application. If applying for permits given preferentially to clients of outfitters, all group applicants must also provide the same outfitter certification number. Permits available after the lottery will be sold on a first-come, first-served basis to applicants who have not previously received a combination permit for the current deer season.

- 2) Nonresident single antlerless-only archery deer permits may be purchased as "bonus" permits for a fee of \$25 by nonresident hunters who have previously obtained either a nonresident combination archery deer permit or a nonresident landowner archery deer permit. The bonus nonresident single antlerless-only archery deer permit will be available over-the-counter (OTC) from license vendors for a fee of \$25. Eligible nonresident hunters may purchase these bonus permits without limit.
- 3) Nonresident hunters who have not previously obtained a permit described in subsection (c)(2) may purchase nonresident single antlerless-only archery deer permits OTC from license vendors for a fee of \$100. Nonresident hunters may purchase these permits without limit.
- 4) Nonresidents may not purchase a combination archery deer permit after September 30 if they have previously purchased any single antlerless-only archery deer permit for the current deer season.
- 5) Nonresident youth may purchase a resident archery combination permit OTC for the same fee as resident Illinois hunters (\$25). For purposes of this Section, "youth" is defined as those hunters who have not reached their 18th birthday prior to the beginning of the current year archery deer season (October 1).

- d) Hunters purchasing archery deer permits must supply all necessary applicant information to the license vendor in order to properly complete the permit.
- e) Permits are not transferable. For the purpose of this Section, "transfer" means the modification or changing, by the Department or any other person, individual or group of the name or the location on an issued permit to another person or location.
- f) A \$3 service fee will be charged for replacement permits issued by DNR, except that there will be no charge for permits lost in the mail. The procedures for obtaining a replacement license are detailed in 17 Ill. Adm. Code 2520.50. Monies from this source will be deposited in the Wildlife and Fish Fund.
- g) Refunds and Cancellations
 - 1) A refund shall be issued by the Department for a permit that has been granted, or for an application that has been submitted, under the following circumstances:
 - A) The applicant for a permit was unsuccessful in obtaining a permit in the lottery for which the applicant applied; or
 - B) Upon the request of the permit holder, a permit was issued due to an error of the Department, the OTC point-of-sale vendor or the applicant. The permit that was issued in error and the request for a refund must be delivered to the Department before the first day of the season listed on the permit. Permits shall be considered delivered to the Department if the permit is received or postmarked before the first day of the season listed on the permit; or
 - C) Upon the return of an issued permit to the Department before the first day of the season listed on the issued permit. Permits shall be considered delivered to the Department if the permit is received or postmarked before the first day of the season listed on the permit. No refund shall be issued under this subsection (g)(1)(C) if the permit is returned or postmarked after the first day of the season listed on the permit.
 - 2) A permit shall be cancelled if a refund is approved pursuant to subsection (g)(1)(B) or (C). Once a permit has been cancelled, the cancelled permit shall not count towards the total number of permits that an applicant may obtain for the hunting season that the cancelled permit was so issued.

- 3) Upon the request of a permit holder, a refund may be issued by the Department for a permit that has been granted under the following circumstances:
 - A) A medical condition or death of the permit holder that prevented the permit holder from hunting. A death certificate or medical documentation showing that the permit holder was unable to or advised not to hunt may be required by the Department before any refund is issued. Requests must be made before the last day of the season that the permit was issued and must accompany the return of the permit to the Department at its headquarters in Springfield, Illinois. No refunds shall be issued under this subsection if the request or permit is delivered or postmarked to the Department at its headquarters in Springfield, Illinois after the last day of the season listed on the permit; or
 - B) The permit holder was unable to travel or use the permit that was issued due to a national or State issued emergency or disaster declaration that resulted in a danger to the health or safety of the permit holder had they attempted to use the issued permit. Requests must be made within 60 days after the start of the season for which the permit was issued and must accompany the return of the permit to the Department at its headquarters in Springfield, Illinois. No refund shall be issued under this subsection (g) (3)(B) if the request or permit is delivered or postmarked 60 days after the first day of the season listed on the permit.
 - C) A permit that was issued due to an error of the Department, the OTC point-of-sale vendor, or the applicant, if the permit is returned to the Department before the last day of the season for which the permit was issued.

Section 670.21 Deer Permit Requirements – Landowner/Tenant Permits

Requirements and procedures for obtaining landowner/tenant permits are provided in 17 Ill. Adm. Code 528.

(Source: Amended at 41 Ill. Reg. 8679, effective June 28, 2017)

Section 670.30 Statewide Legal Bow and Arrow

- a) The only legal hunting devices to take, or attempt to take, deer are:
 - 1) Longbows, recurve bows or compound bows with minimum pull of 30 pounds at some point within a 28-inch draw. Minimum arrow length is 20 inches.
 - 2) Crossbows shall meet all of the following specifications:
 - A) use a bowstring to propel the bolt or arrow and have a minimum peak draw weight of 125 pounds;
 - B) have a minimum length (from butt of stock to front of limbs) of 24 inches;
 - C) have a working safety; and
 - D) be used with fletched bolts or arrows of not less than 14 inches in length (not including point).
- b) Broadheads must be used for archery deer hunting. Broadheads may have fixed or expandable cutting surfaces, but they must be a minimum $\frac{7}{8}$ inch in diameter when fully opened. Broadheads with fixed cutting surfaces must be metal or flint-, chert- or obsidian-knapped; broadheads with expandable cutting surfaces must be metal. Nothing in this subsection shall be construed to prohibit the possession of arrows with field tips or blunt tips for the purpose of legally taking small game or for target practice during the course of the hunt, but those arrows may not be used in any attempt to take deer.
- c) All other hunting devices, including electronic arrow tracking devices utilizing radio telemetry, are illegal. It is unlawful to carry any firearm or sidearm while hunting deer with a bow and arrow unless in accordance with the Firearm Concealed Carry Act or during the firearm deer season with a valid, unfilled firearm deer permit.

(Source: Amended at 46 Ill. Reg. 18703, effective November 2, 2022)

Section 670.40 Statewide Deer Hunting Rules

- a) The bag limit is one deer per legally authorized either-sex, antlered-only or antlerless-only permit. All either-sex permits and antlered-only permits are

subject to the following restriction: no hunter, regardless of the quantity or type of permits in his/her possession, may harvest more than 2 antlered deer during a year, including the youth, archery, muzzleloader and firearm seasons. For purposes of this subsection, deer seasons are considered to be in the same year if their opening dates fall within the same 12-month period that begins on July 1. A hunter in possession of an either-sex permit after having harvested 2 antlered deer during a year, as defined above, may only use the permit to harvest an antlerless deer. Subject to this restriction, an either-sex permit holder is allowed to take a deer with or without antlers; and an antlered-only permit holder is allowed to take only a deer having at least one antler of a length of 3 or more inches. An antlerless-only permit holder is allowed to take only a deer without antlers or a deer having antlers less than 3 inches long.

- b) The Illinois Restricted Archery Zone shall consist of Champaign, Douglas, Macon, Moultrie and Piatt Counties. During the period October 1-October 31, only antlered deer may be harvested in the Restricted Archery Zone, regardless of permits in possession. An antlered deer is defined as a deer having at least one antler of a length of 3 or more inches. All restrictions listed in subsection (a) also apply in the Restricted Archery Zone.
- c) Recipients of any type of Archery Deer Hunting Permit shall record their signature on the permit prior to hunting and must carry it on their person while hunting.
- d) The temporary harvest tag shall be attached and properly sealed immediately upon kill and before the deer is moved, transported or field dressed. No person shall leave any deer that has been killed without properly attaching the temporary harvest tag to the deer in the manner prescribed on the permit.
- e) Hunters shall not have in their possession, while in the field during archery deer season, any deer permit issued to another person (permits are non-transferable).
- f) Permits will not be re-issued in cases involving deer taken which are found to be diseased or spoiled due to previous injury. Legal disposal of unfit deer taken shall be the responsibility of the hunter. For those hunters participating in DNR's Chronic Wasting Disease Surveillance Program, a free permit will be made available (during either the current year or the subsequent year, at the discretion of the hunter) if their tested deer is determined to have chronic wasting disease.
- g) Unlawful take or possession of one deer is a Class B misdemeanor (see 520 ILCS 5/2.24); unlawful take or possession of two or more deer in a 90-day period is a Class 4 felony (see 520 ILCS 5/2.36a); unlawful take or possession of 2 or more

deer as a single act or single course of conduct is a Class 3 felony (see 520 ILCS 5/2.36a); and any other violation of this Section is a Class B misdemeanor (see 520 ILCS 5/2.24).

Section 670.50 Rejection of Application/Revocation of Permits

- a) In the event that an applicant for one of the permits available from the Permit Office is in violation of one of subsections (a)(1)-(4), in addition to other penalties the application shall be held in suspension, and any application fees shall be deposited, pending a determination by the permit office of whether the violation was knowing. If the permit office determines the violation was knowing, the application shall be rejected and any fee collected shall be retained by DNR. The applicant may request a hearing on this decision pursuant to 17 Ill. Adm. Code 2530. Should it be determined that the violation was without the knowledge of the applicant, the permit office will process only the number of applications allowed by Section 670.20 or 670.21 with additional applications rejected and fees returned.
 - 1) Using a hunting rights lease, mineral rights lease or other lease for land that does not evidence a genuine farm tenancy to obtain an archery deer permit;
 - 2) Submitting more applications in the same name or by the same person for an archery deer permit than allowed for in Section 670.20 or 670.21;
 - 3) Providing false and/or deceptive information on the deer permit application form;
 - 4) Submitting an application when the applicant has a license or permit currently revoked pursuant to Section 3.36 of the Wildlife Code [520 ILCS 5/3.36].
- b) In the event that the purchaser of an over-the-counter archery deer permit is in violation of one of subsections (b)(1) or (2), the permit will be revoked in addition to any other penalties. The applicant may request a hearing on this decision pursuant to 17 Ill. Adm. Code 2530.
 - 1) Providing false and/or deceptive information on the deer permit form, which is a Class A misdemeanor (see 520 ILCS 5/2.38).

- 2) Purchasing an archery deer permit when the applicant has a license or permit currently revoked pursuant to Section 3.36 of the Wildlife Code, which is a Class A misdemeanor (see 520 ILCS 5/3.36).
- c) Any violations of the Wildlife Code [520 ILCS 5] or administrative rules of the Department (17 Ill. Adm. Code, Chapter I), in addition to other penalties, may result in revocation of deer hunting permits as per 17 Ill. Adm. Code 2530.

(Source: Amended at 30 Ill. Reg. 12196, effective June 28, 2006)

Section 670.55 Reporting Harvest

- a) Successful hunters must register their harvest by 10:00 p.m. on the same calendar day the deer was taken by calling the toll-free telephone check-in system at 1-866-ILCHECK or by accessing the on-line check-in system at www.dnr.illinois.gov. If a hunter is not able to locate a harvested deer in sufficient time to enable reporting the harvest by 10:00 p.m., the hunter must immediately report the harvest upon retrieving it. The hunter will be provided with a confirmation number to verify that he or she checked in the harvest. This number must be written by the hunter onto the temporary harvest tag (leg tag). If the condition of the tag precludes writing on the tag in the appropriate space (i.e., bloody, etc.), the confirmation number shall be written elsewhere on the tag, or onto a piece of paper and attached to the deer along with the temporary harvest tag. The deer must remain whole (or field dressed) until it has been checked in. In instances where deer are checked in while the hunter is still afield, the deer may not be dismembered while afield beyond quartering the animal. If quartered, all parts of the carcass (except the entrails removed during field dressing) must be transported together and evidence of sex must remain naturally attached to one quarter. Evidence of sex is:
 - 1) For a buck: head with antlers attached to carcass, or attached testicle, scrotum, or penis.
 - 2) For a doe: head attached to carcass, or attached udder (mammary) or vulva.
- b) The temporary harvest tag (leg tag) and confirmation number must remain attached to the deer until it is at the legal residence of the person who legally took or possessed the deer, the deer has been checked in, and final processing is completed. If the head/antlers are delivered to a taxidermist for processing, the confirmation number must be recorded on the "head tag" portion of the permit and both must remain with the deer while at the taxidermist. If the carcass is

taken to a meat processor, the temporary harvest tag (leg tag) with confirmation number must remain with the deer while it is processed, and until it is at the legal residence of the person who legally took or possessed the deer. Persons delivering deer/parts of deer to a tanner for processing must supply the tanner with either their deer permit number, their confirmation number, or a written certification by the person from whom the deer was received that the specimen was legally taken or obtained.

- c) Site specific reporting requirements must be followed in addition to this Section.

(Source: Amended at 46 Ill. Reg. 3999, effective November 2, 2022)

Section 670.60 Regulations at Various Department-Owned, -Leased or -Managed Sites

- a) All the regulations in 17 Ill. Adm. Code 510 (General Hunting and Trapping) apply in this Section, unless this Section is more restrictive.
- b) To drive deer, or participate in a deer drive, on all Department-owned or -managed properties is prohibited. A deer drive is defined as a deliberate action by one or more persons (whether armed or unarmed) whose intent is to cause deer to move within archery range of one or more participating hunters.
- c) Only one tree stand or ground blind is allowed per deer permit holder. Tree stands and ground blinds must comply with restrictions listed in 17 Ill. Adm. Code 510.10(c)(3) and (c)(12) and must be portable. Tree stands and ground blinds must be removed at the end of each day with the exception that they may be left unattended from September 15 through January 31 at those sites listed in this Section that are followed by a (1). Any tree stand or ground blind left unattended must be legibly marked with the owner's name, address, and telephone number, or site assigned identification number.
- d) Check-in, check-out, and reporting of harvest is required at those sites listed in this Section that are followed by a (2). Sites that require use of windshield cards by hunters as specified in 17 Ill. Adm. Code 510.10 are followed by a (6).
- e) Where standby hunters are used to fill quotas, a drawing may be held at sites indicated by a (3). Notice of any standby drawing modifications will be posted at the site and 17 Ill. Adm. Code 510.10(d)(3) shall apply.
- f) Only antlerless deer or antlered deer having at least 4 points on one side may be harvested at those sites listed in this Section that are followed by a (4).

- g) Only antlerless deer or antlered deer having at least 5 points on one side may be harvested at those sites listed in this Section that are followed by a (5).
- h) Statewide regulations shall apply at the following sites:
- Alvah Borah State Habitat Area (6)
 - * Anderson Lake State Fish and Wildlife Area (1) (2)
 - Apple River Canyon State Park – Thompson and Salem Units (6)
 - Argyle Lake State Park (1) (6)
 - * Banner Marsh State Fish and Wildlife Area (statewide hunting hours except during the Central Zone duck season hunting hours 1:00 p.m. until ½ hour after sunset) (1) (2)
 - * Beall Woods State Park (1) (6)
 - * Beaver Dam State Park (an antlerless deer must be taken on the site before an antlered deer is harvested) (2)
 - * Big Bend State Fish and Wildlife Area (1) (2)
