Winter Timber Price Report Published— Summer 2017 Survey “In Mail”:

The September 2017 issue of Wooden Dollars contains the latest Illinois Timber Prices publication for the winter period 2016-2017. The Summer 2017 survey of timber prices paid to Illinois landowners is being mailed this week.

This October 2017 issue also contains two (2) private landowner timber sales from Illinois foresters and one (1) ad.

Buy, Sell and Saw Illinois Wood!

Wooden Dollars Monthly

is published on the first of each month by Illinois Division of Forest Resources to provide woodland owners market outlets for forest products, to protect and sustain the woodland resources of Illinois, and help supply industry with information and raw materials—all for the benefit of society. This document is a PDF available electronically and posted on the IDNR Forest Resources website.

"There is no Wi-Fi in the forest; but you will find a better connection!"

- Kentucky State Parks

Policy Statements:

Illinois forests and woodlands are critical to the citizens of Illinois and globally far beyond the singular value of wood and fiber production. The Division of Forest Resources integrates and requires on state land and cooperating private lands that important other concerns of soil, water, wildlife, habitats, recreation, aesthetics and cultural resources are addressed while growing, harvesting and regenerating forests. We advocate and outreach forest management principles to all Illinois forest owners.

Demands on Illinois forest resource for all goods and services the forest can provide continue to increase while nearly 90% of Illinois forests remain privately owned. To conserve, enhance and expand the benefits and critical function of Illinois forests it is necessary that forest landowners, government agencies, forest industry and citizens at large work together.

Equal opportunity to participate in programs of the Illinois Department of Natural Resources and those funded by the U.S. D.A. and other agencies is available to every individual regardless of race, sex, national origin, disability, age, religion, or other non-merit factors. If you believe you have been discriminated against contact civil rights office and/or the Equal Opportunity Officer, IDNR, One Natural Resources Way, Springfield, IL 62702-1271; 217-785-0067; TTY 217-782-9175.

Forest Utilization & Marketing Program
Editor, Paul.Deizman@illinois.gov 217-782-3376

Marked Timber: Stumpage For Sale

This newsletter is posted on the IDNR Forest Resources website monthly. Deadline for each monthly issue is the third Thursday of the month prior. All submissions of marked timber for sale by consulting foresters, procurement foresters or others must be submitted by the second Thursday. Submissions by consulting foresters working with IFDA cooperators must adhere to the timber recommendations approved in the landowner's written management plan. Foresters working with landowners at-large must adhere to recommended silviculture for Illinois forest types. Submissions may be sent US Mail to "ORC-Forestry" at our Springfield office or by email to paul.deizman@illinois.gov.

The following two (2) sales were marked for cutting by a forester of the Illinois Division of Forest Resources or by a consulting forester or and reviewed by the Illinois Division of Forest Resources. Volumes have been estimated using the Doyle Rule unless otherwise indicated. Deductions have been made for defects. No volume is tallied for culls. Any interested buyers should contact the landowner or their representative directly. The Illinois Division of Forest Resources does not establish the selling price of timber. Buyers must show proof they are currently licensed.

Invitation For Bids

Timber Sale

Two properties, totaling 88.6 woodland acres, owned by Lee Rife and Bryan Keller, has been marked for timber harvest by Mike Long of Long Forestry Consultation. The properties consist of multiple cutting unit, all accessible by agricultural fields. Harvesting will have to be done from October through March, while crops are not in the field. Landing areas are indicated on the enclosed map. Logs will have to be skidded along the field edges and tree lines to prevent compaction in the fields. Individual bids are required for each individual landowner. Both properties will be sold to the highest lump sum bidder for the combined properties.

Silvicultural Objectives

All cutting units were marked to remove mature to overmature trees and to remove undesirable growing stock.

All trees were marked with orange paint at breast height and at the stump.

All marked trees, including "X" trees, were recorded with a Garmin 76CSx GPS unit to record tree locations. "X" trees were not included in the stocking tables and can be harvested at the loggers discretion. Species specific diameter distributions, waypoints, and GIS shapefiles of the property are available upon request. Please email any request to mike@longforestry.com.

Volumes were calculated using the Doyle scale, Form Class 78, Mesavage and Girard (1956), 2 inch DBH classes. All volumes are estimated. Long Forestry assumes no responsibility for volume totals.

Location: Sec. 15, T13S R1E, Union County, Illinois. (see attached maps and aerials). It is highly encouraged that prospective bidders look at the timber to be sold. To view the timber, call Mike Long at (618) 203-4248 to make him aware of your presence on the property.

Mail bids to: Long Forestry Consultation, 2220 Spanish Bluff Rd., Anna, IL 62906.

Email bids to: mike@longforestry.com.

Call in bids to: (618) 893-2307

Call Mike at 618-893-2307 if you have any questions. Bids will be opened on October 20, 2017 at 10AM at the offices of Long Forestry. Bidders are welcome to attend the bid opening. All bidders will be notified after the opening.

Notes on the Sale:

- Lump sum cash sale to successful bidder.
- Volume figures are net after deducting for defects.
- Written contract required.
- 25% down on contract signing, and balance due before starting the harvest.
- Harvestable trees marked with a slash or an X of orange paint on two sides of the tree at DBH and at stump height.
- Bid only on the 429 trees marked.
- Bid amounts shall include the 4% timber sale tax to be withheld and submitted to the IDNR.
- The timber will be sold to the highest bidder considered capable of completing the timber sale contract.
- Valid Illinois timber buyers license required.
- Liability insurance required (minimum coverage \$500,000) for all persons accessing the property regardless of relationship with purchaser or bidder. Bidders must have documented liability insurance during pre-bid inspections through harvest completion. Proof of Insurance shall be provided before or at the contract signing.
- The owner reserves the right to accept or reject any and all bids.
- Illinois Best Management Practices for installing water bars, broad based dips, and re-seeding of trails, haul roads, and landings shall be followed according to the specifications outlined in said publication. A copy of the full publication is available upon request from Long Forestry Consultation, or it can be downloaded from http://web.extension.illinois.edu/forestry/timber_harvest/il_forestrybmps_2007.pdf

- For additional information, contact **Mike Long at (618) 893-2307.**
