

# FALL WILD TURKEY HUNTING INFORMATION AND ONLINE/TOLL-FREE TELEPHONE CHECK-IN SYSTEM

Review this information to ensure you comply with all wild turkey hunting regulations. While hunting, respect the rules of good sportsmanship and the property of others. Have a safe and successful hunt.

## ATTENTION HUNTERS:

**Harvest Reporting online at [www.exploremoreil.com/wildlife/harvest](http://www.exploremoreil.com/wildlife/harvest) or call toll-free 1-866-ILCHECK**

*Attention cell phone users:* The most common reason hunters are unable to complete their harvest reporting is because of a poor cell phone connection. Be certain you receive a clear, strong cell phone connection before placing your call.

Successful hunters must report their harvest by 10 p.m. on the same calendar day the turkey was taken by calling the toll-free telephone check-in system at 1-866-452-4325 (1-866-IL-CHECK) or by accessing the online check-in system at [www.exploremoreil.com](http://www.exploremoreil.com). Hunters must provide all information requested by the check-in system and will be provided with a confirmation number to verify that they checked in their harvest. The confirmation number must be written by the hunter onto the leg tag. The turkey must remain whole (or field dressed) until it has been checked in.

When reporting, have a pen/pencil on hand (a permanent marker with an extra-fine tip works best). You will be given a 10-character confirmation number which you must write on the leg tag (as proof you have checked in your harvest). When reporting harvest, hunters will be asked for information to assist biologists in managing Illinois' turkey population. **Look over the questions below prior to reporting your harvest.**

**TAGGING INSTRUCTIONS:** It is unlawful to transport or leave a wild turkey without first affixing the turkey permit securely around the leg in the manner prescribed on the permit. Immediately upon kill and before the turkey is moved, transported or field dressed, you must invalidate the leg tag; the tag must be affixed to the turkey (for over-the-counter permits, the leg tag is invalidated by detaching it from the permit; for permits issued by the Permit Office, the leg tag is invalidated by cutting out the designated notch on the tag). The tag must remain attached to the leg of the turkey until it is at the legal residence of the person who legally took or possessed the turkey, and it has been reported via internet or telephone.

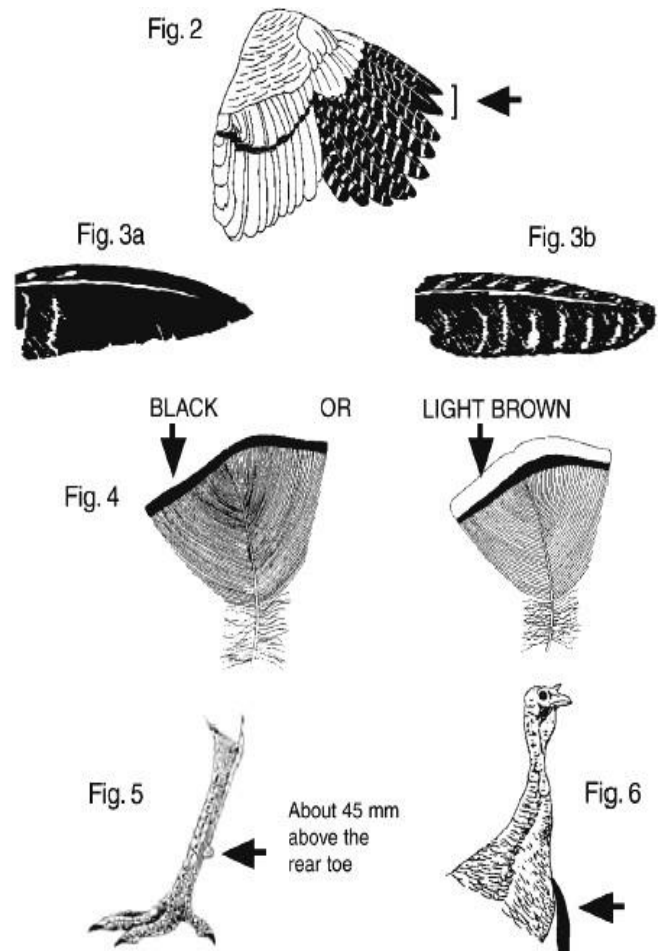

## INSTRUCTIONS FOR CHECKING YOUR TURKEY

You will be asked a series of questions when you call, including the county or special hunt area of harvest and the questions below. It will be helpful if you fill in the answers on this sheet before making the call. Use the ruler on the back of your permit to make any necessary measurements.

- ◆ What is your permit number?
- ◆ How many days did you hunt using this permit?
- ◆ Look at the outermost two wing flight feathers (Figure 2). Are the tips of the feathers sharply pointed with no white markings on the last 2 inches? If like Figure 3a, answer "yes." If like Figure 3b, answer "no."
- ◆ What is the sex of the turkey? (male or female)
- ◆ Do any of the breast feathers on your turkey have black tips (Yes or No) (Figure 4).

Brown-tipped feathers may have a black band but not at the very tip of the feather. If all of the breast feathers appear to have light brown tips, brush the feathers forward using your hand and look for new feathers coming in under the outer feathers. Check these as well.

- ◆ To the nearest millimeter, what is the length of the turkey's spur? (Figure 5). Measure from the base of the spur to the tip. If no spur, answer "Zero."
- ◆ To the nearest millimeter, what is the length of the turkey's beard? (Figure 6). Measure from the breast to the tip of the beard. If no beard, answer "Zero."
