## OFFICIAL NOTICE

### Project List for the SFY25/FFY24 OSMRE Abandoned Mine Land Program Grant S24AF00053

Pursuant to Title IV of the Surface Control and Reclamation Act of 1977, 30 USC 201 et seq., the Abandoned Mine Lands Reclamation Division of the Dept. of Natural Resources is requesting funding from the federal Office of Surface Mining for administrative expenses and construction funding for emergency and non-emergency reclamation projects which are necessary to protect the public health safety, and general welfare from the adverse effects of past coal mining practices by abating the hazardous and environmental conditions. Due to the additional Bipartisan Infrastructure Bill Grant, the Abandoned Mine Lands Grant will be utilized to correct Emergency projects and non-coal related projects.

As with emergency projects, these cannot be identified beforehand and will be corrected as they occur. Due to the funding of non-coal projects, Illinois AML does not anticipate correcting any non-coal projects this fiscal year.
