PERMANENT PROGRAM

INTERPRETATION MEMO - 82-2

TO: Regional Field Supervisors and Regional Blasting Specialists

FROM: Douglas Downing, Supervisor
Land Reclamation Division 

DATE: July 16, 1982

RE: Enforcement Actions, Penalty Assessments and Citizen Complaints
Relating to Blasting Rules

Due to the specialized knowledge and conditions associated with enforcement and penalty assessments relating to blasting rules, initial review and reevaluation procedures will be conducted by the Regional Blasting Specialists not directly involved in the issuance of the N.O.V., C.O. or the determination of the penalty assessment.

This procedure will also apply to the review and "second inspector" requirements regarding citizen blasting complaints.

The Regional Field Supervisors will conduct followup reviews of the penalty assessments.
