Springfield, Illinois 62702

Re: Woolsey Operating Company, LLC permit number 065315 and
HVHHF permit number HVHHF-00001 (hereafter collectively the "Permits")
and pending permit application number OG-03 for Class II Injection Well
(hereafter "Injection Well Permit Application")

Dear Mr. Kierbach:

Woolsey Operating Company, LLC (hereafter "Woolsey") is the holder of the above referenced Permits and the permittee applicant in the above referenced Injection Well Permit. Woolsey is by this correspondence requesting that the Permits be immediately released and that the Injection Well Permit Application be withdrawn.

Woolsey understands and agrees that if in the future it determines it is economical to pursue the projects contemplated by either, or both, the Permits and the Injection Well Permit Application, it will be required to begin the permit process in accordance with all applicable statutes and rules and regulations in effect at that time.

Please confirm in writing your receipt of this communication and confirmation that the Illinois Department of Natural Resources, Office of Oil and Gas Resource Management has released the Permits and withdrawn the Injection Well Permit Application.

Very Truly Yours,

Woolsey Operating Company, LLC
