Report Cover

The Henderson Creek Wildlife Area, pictured on the cover, is a 2,472± acre tract located along the Mississippi River near Oquawka in Henderson County, Illinois. The Illinois Department of Natural Resources (IDNR) had been interested in acquiring the Wetland Reserve Program (WRP) easement residual rights for this property for three years and this was a rare opportunity to acquire a parcel of this size as one contiguous unit. The project presents an exceptional opportunity toward fulfilling IDNR ecosystem management goals and objectives while creating a waterfowl hunters paradise. It also serves as an exemplary interagency partnership between IDNR and the USDA/Natural Resources Conservation Service (NRCS).

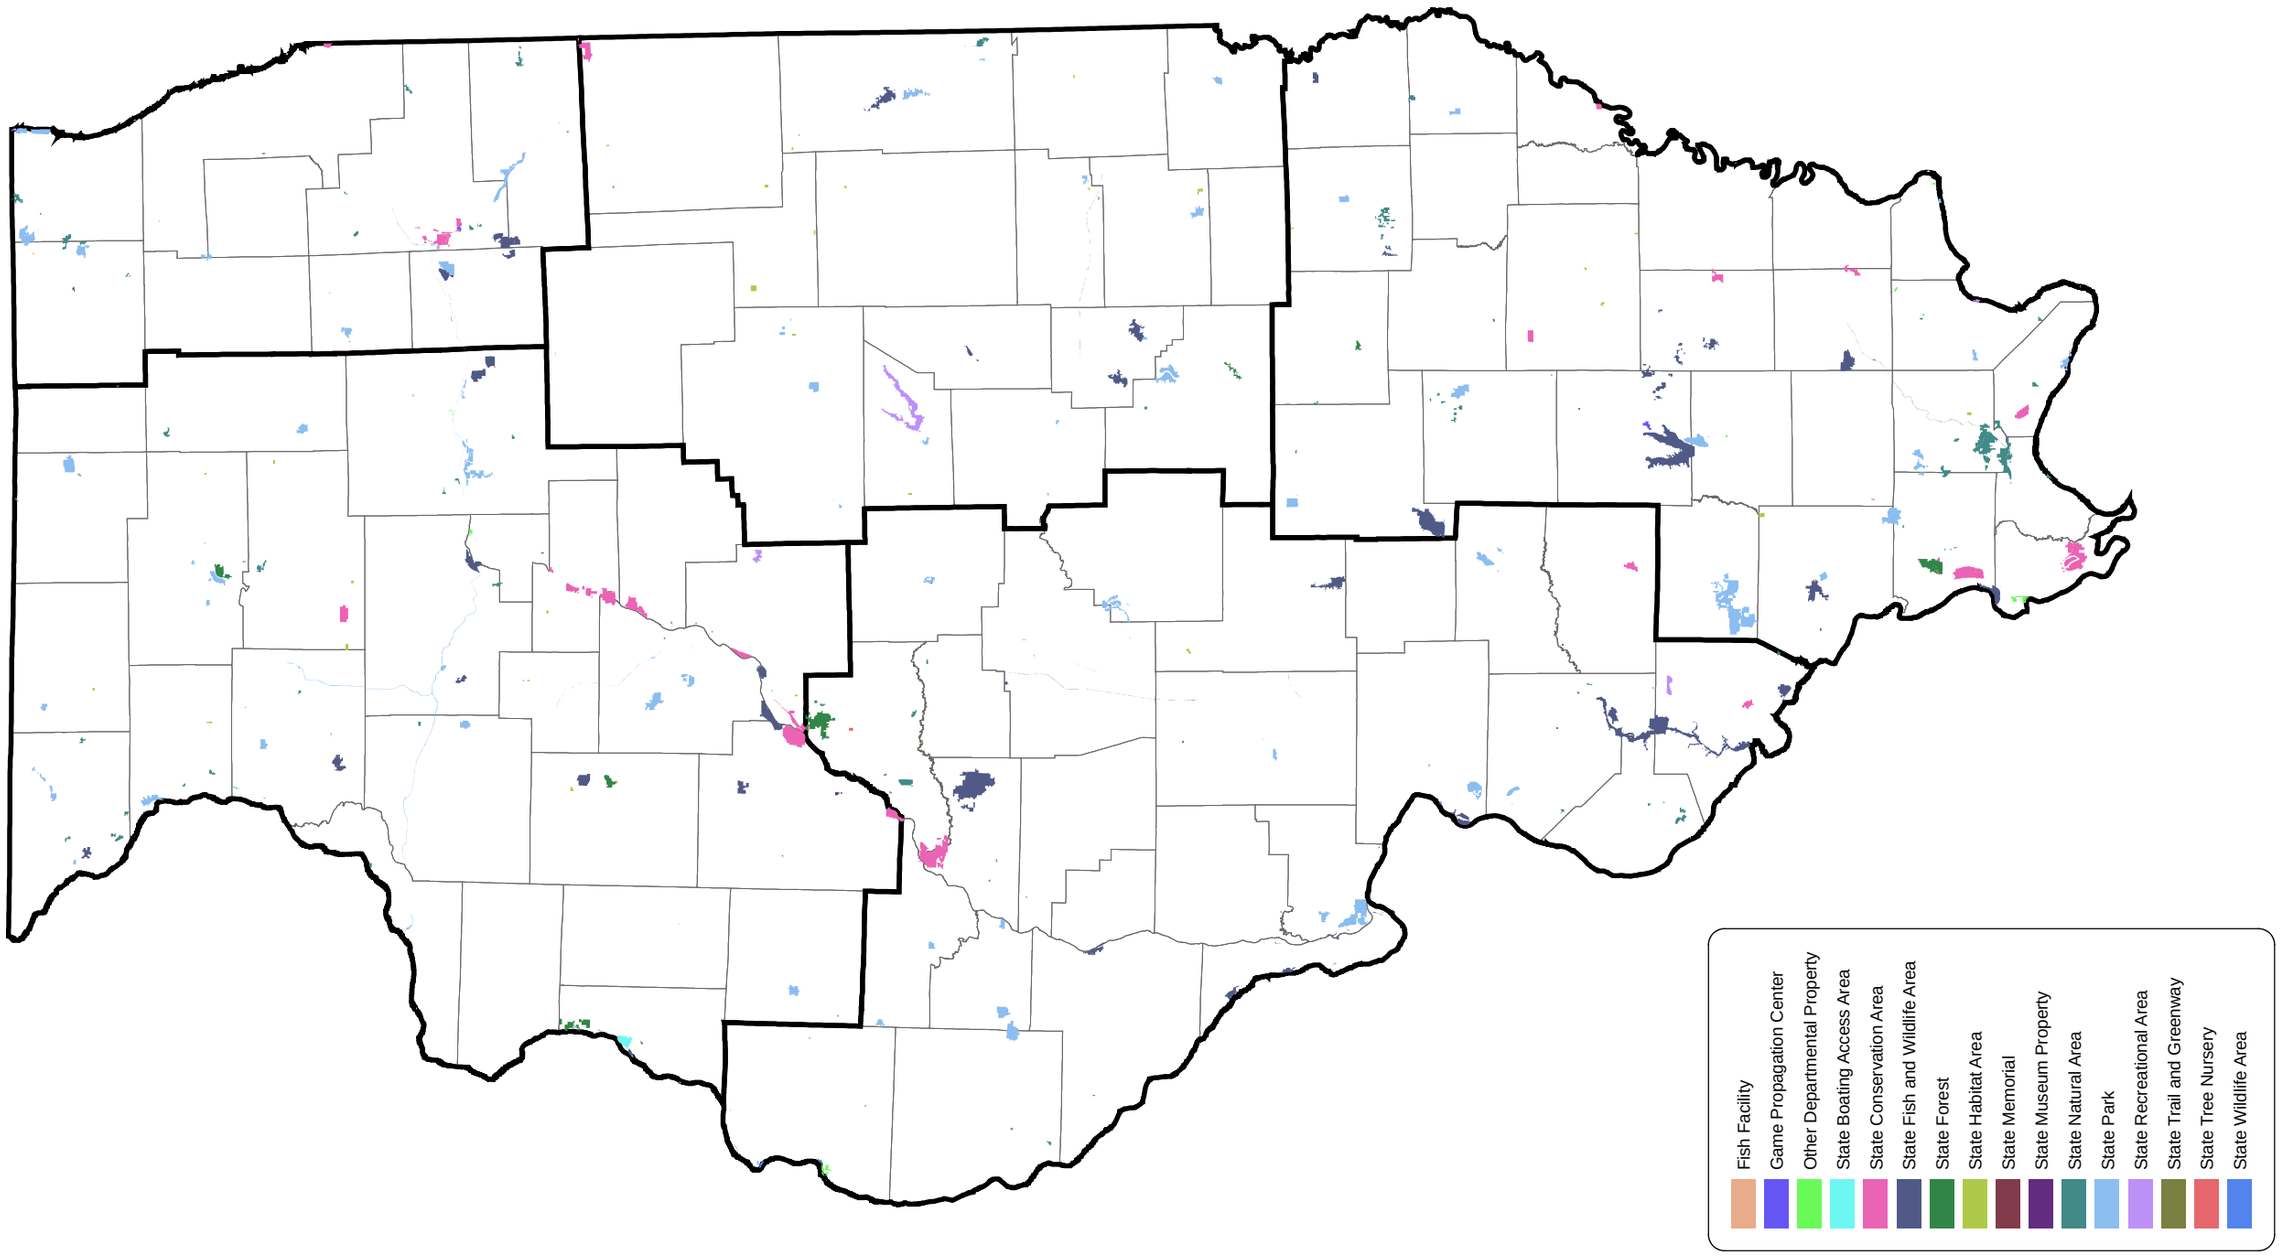

This parcel was purchased from five different sellers in eight parcels totaling 2,472.154+/- acres utilizing the Illinois Wildlife and Fish/Hunter Heritage Fund.

Equal opportunity to participate in programs of the Illinois Department of Natural Resources (IDNR) and those funded by the U.S. Fish and Wildlife Service and other agencies is available to all individuals regardless of race, sex, national origin, disability, age, religion or other non-merit factors. If you believe you have been discriminated against, contact the funding source's civil rights office and/or the Equal Employment Opportunity Officer, IDNR, One Natural Resources Way, Springfield, IL 62702-1271; 217/785-0067; TTY 217-782-9175. This information may be provided in an alternative format if required. Contact the IDNR Clearinghouse at 217/782-7498 for assistance.
