

WILDLIFE COMMITTEE

July 19, 2024

1:00 – 2:00 p.m.

NOTES

Attendees:

Joy O’Keefe
Gary Glowacki
Chris Jacques
Melissa Cusic
Liza Lehrer

The Committee reviewed the nutria doc and made some updates, including settling on the ratings.

Joy will clean it up and send it around for review in the next few weeks.

Liza is also going to look for some economics citations.

After review by the committee, this should be ready to go to the state committee for review.

At the next meeting in August, the Committee will select the next species for review. If anyone has ideas about what should be next, please email the group.

Ideas will be discussed at the next meeting on August 16, 2024, at 1:00 p.m.

Supplemental Information

Chris Jacques provided the following:

Here is the IDNR link to reporting nutria sightings in IL.
