

Office of Water Resources, Michael A. Bilandic Building, 160 N. LaSalle St., S-703, Chicago, IL 60601

August 26, 2026
Application No. C20260022

Illinois Department of Natural Resources, Office of Water Resources
Public Notice

**Construction of a stormwater outfall,
in Lake Michigan, at 499 Sheridan Road, Winnetka, Illinois 60093**

Layercake, LLC, 499 Sheridan Road, Winnetka, Illinois 60093 and Morgante Wilson Architects, Ltd., 3834 Central Street, Evanston, Illinois 60201, have applied for an Illinois Department of Natural Resources, Office of Water Resources permit for the construction of a stormwater outfall, in Lake Michigan, at 499 Sheridan Road, Winnetka, Illinois 60093.

The proposed stormwater outfall consists of a 48-inch diameter up-well type energy dissipator with an open lid; 17 feet of directionally-bored, 12-inch diameter storm sewer; and stone erosion protection around the energy dissipator. The energy dissipator will be located within the existing stone revetment, immediately lakeward of the existing concrete deck. The rim elevation of the energy dissipator will be 584.80. All elevations are North American Vertical Datum of 1988 (NAVD-88). The proposed project will be reviewed using the Department's PART 3704 REGULATION OF PUBLIC WATERS Rules.

No work is to start on this project unless and until such a time that the permit is issued.

Inquiries, comments, and requests for a complete copy of the application or for any additional information regarding the proposed project can be directed to Eric Otto, Senior Water Resources Engineer, of the Chicago Office at IDNR/OWR, 160 N. LaSalle Street, Suite S-703, Chicago, Illinois 60601 or eric.otto@illinois.gov.

Comments will be accepted through **September 28, 2026**.
